So, for the past few months, I've been building a list of free productivity apps for macOS.. Jul 16, 2018 Alfred is a productivity application for macOS, which boosts your efficiency with hotkeys, keywords and text expansion.. 4 Be FocusedNo productivity app list can be completed without a Pomodoro timer app.. ItsycalLooking for a Calendar in the Menu Bar? Unlike Windows, macOS doesn't show you a calendar when you click on the clock icon in the menu bar, Yes, you can bring up the calendar app from the spotlight (press cmd + spacebar, type in 'calendar' and hit enter), but that takes too long.. Enter Itsycal, it's a tiny calendar that sits at your menu bar and displays your monthly calendar.. But the issue with that is, the preview is so big, that even people sitting beside you might spot your narcissism.. You can add up to ten tasks to your to-do list, however, if you are a beginner, I would suggest taking it slow. 773a7aa168 [Free Youtube Music Downloader Online For Mac](#)
